for

## Every Orphan

**Anya - Kyrgyzstan** - Ten year old Anya and her 6 brothers live in Kyrgyzstan. Anya's father has serious health problems, so her mother works several jobs to support the family. Their heating system has broken down, and if it is not fixed soon, the children will be forced to go to an orphanage. **Will you pray that God would provide the necessary money to fix their heating system so the family can stay together?**

**Dima - Ukraine** - Little Dima is so good at putting together puzzles and construction sets that some adults think he could become a scientist or an engineer! But what Dima would like more than anything is to be part of a family. He lives in an orphanage in Ukraine, and waiting can be hard when you're three years old. **Could you pray that very soon Dima will find a loving family to take him home?**

**Orphans in Nepal** - Do you remember the earthquakes in Nepal last spring? Many orphans are living in tents because they have nowhere to go and the buildings are not stable. Many of these children are being targeted by people who want to take advantage of them and hurt them. **Please pray that the orphans in Nepal will be protected, get medical help, and find safe places to live.**

Many of these children are being targeted by people who want to take advantage of them and hurt them. **Please pray that the orphans in Nepal will be protected, get medical help, and find safe places to live.**

**Deborah - Uganda** - Deborah is eight years old and lives in Uganda. After her parents died, a loving family adopted her. But the family is poor and struggled to provide for Deborah and her siblings. Concerned friends like you sent funds to help her parents start a small hair salon. Business is booming, and they now have the money needed to care for their children! **Praise God for how he is providing for Deborah and her new family!**

**Luke & Basanti - India** - In India if you're an "older" child (older than 5), you aren't as likely to be adopted. This is why 11-year-old Luke and his 9-year-old sister, Basanti, need our prayers. They have lost both parents and live in a children's home. Some relatives are interested in adopting them but it will be a long journey. **Will you pray that Luke and Basanti's relatives will be able to adopt them and give them a bright future?**

**Vlada - Ukraine** - When 8-year-old Vlada was adopted at age two months, she seemed healthy. But her adoptive parents soon discovered that she has a medical condition that requires her to have a special leg operation every three years until she is 20. This treatment is very expensive, but thanks to people like you who prayed and gave gifts, Vlada is up-to-date with her operations. **Praise God for this generous support! And please also pray that Vlada's health will continue to improve.**

**Snezhana - Kyrgyzstan** - After their parents died, Snezhana stayed for a time with her sister, Vera. But Snezhana had to move into foster care because of Vera's low income and the condition of the house. Now, 3 years later, they would like to be together again. Many of the house problems have been fixed, but Vera still needs to repair the electrical system so they can have hot water before the authorities will let Snezhana move back in. **Please ask God for these final repairs so that Snezhana and Vera will be together permanently!**
